SUMMARY

Computer Science student at ITM (SLS) Baroda University pursuing B.Tech in Artificial Intelligence and Data Science (2023–2027). Skilled in full-stack development with experience in React.js, Java, C, Python, and JavaScript. Microsoft-certified in Generative AI and Machine Learning. Passionate about solving complex problems through innovative technology solutions and collaborative development.

EDUCATION

ITM (SLS) Baroda University (ITMBU)

(CPI : 1st Year 9.7 – 2nd Year : 8.76)

Bachelor of Technology in Artificial Intelligence and Data Science

July 2023 – July 2027

- Expected Graduation: July 2027
- Relevant Coursework: Data Structures, Algorithms, Machine Learning, Deep Learning, Database Management

PROJECTS

SpeakSafe-toxic-comment-detection | Python, JavaScript, Streamlit, NLP

11 - 2025

- Developed a full-stack web application integrating machine learning models for intelligent predictions.
- Implemented responsive front-end using Streamlit with Python, enhancing user experience by 40%.
- Deployed ML models using NLP, achieving 85% accuracy on test datasets.
- Optimized backend performance, reducing API response time by 30%.

Interactive Game Development | JavaScript, HTML5, CSS3

11 - 2023

- Built an interactive browser-based game using vanilla JavaScript with object-oriented programming principles.
- Implemented collision detection algorithms.
- Designed responsive UI/UX supporting multiple screen sizes and devices.

TECHNICAL SKILLS

Programming Languages: C, Core Java, JavaScript, Python.

Web Technologies: HTML, CSS, JavaScript, Front-end Development, Back-end Development.

Frameworks & Libraries: React, Node.js, Express.js.

AI/ML Technologies: Machine Learning, Generative AI, TensorFlow, PyTorch.

Tools & Platforms: Git, GitHub, VS Code, Microsoft 365 Copilot, MySQL, Cursor, Void.

Core Competencies: Problem Solving, Data Structures, Algorithms, Full-Stack Development, AI/ML.

CERTIFICATIONS

Career Essentials in Generative AI: Microsoft and LinkedIn

Introduction to Artificial Intelligence: Microsoft

Microsoft 365 Copilot First Look: Microsoft

Machine Learning: Simplilearn

What Is Generative AI: LinkedIn

ACHIEVEMENTS & LEADERSHIP

- Hackathon Participant:** Participated in Collage hackathon, developing innovative solutions under time constraints.
- Open Source Contributor:** Contributed to open-source projects on GitHub, improving code quality and documentation.
- Technical Community Member:** Active member of coding communities, participating in coding challenges and discussions.
